Everyone has famous people they love. Dimash Kudaibergen is a famous person for me. Dimash Kudaibergen, born 24 May 1994, known professionally, Dimash Kudaibergen, is a Kazakh singer, songwriter and multi-instrumentalist. He's university-trained in classical as well as contemporary music, and is known for his exceptionally wide vocal. He has performed songs in thirteen languages. He became famous worldwide after his participation in the large music competition in China "The Singer 2017" in the city of Langsha. This young man has the most amazing voice I have ever heard. I just discovered him few days ago when searched the "Diza Dance" song on Youtube. This is the song from the movie "The Fifth Element" which is one of my favourite fiction movies. Dimash Kudaibergen is a true example of what happens when talent is combined with hard work, resilience and believe for self. Through consistent diligence, perseverance, leavening, sacrifice, and a firm persuasion to his passion, a star was born. His rise to stardom reminds us that nothing is impossible.
